Dear Mr Waitman:

I received your letter, asking me about the possibilities of The Eagles playing in Tampa April 14th. I had not answered you sooner for two reasons, one I have been exploring the possibilities of playing several places, and next I had been in contact with a freind of mine in Tampa who I was waiting to hear from.

Are you still interested in having us come for this date? If so I will appreciate hearing from you right away. I am anxious to close my Sundays now, as I have some night dates that I must decide about.

We are going to train in Jacksonville and will open camp April 1st. I will appreciate very much hearing from you right away.

Very Truly Yours
